

Property & Inland Marine

Oil & Gas

Maximum protection and flexibility

Are your clients covered?

Oil and gas production is a multifaceted operation that requires a variety of equipment. Depending on the phase of the site, equipment needs can change from week to week. It's a complex industry with many factors that can affect operations. We understand those factors and know how to help protect them.

Built on Relationships. Focused on Solutions.®

Services Minded. Solution Driven. Specialty Focused. That's what we are, and what you can count on to help write more business. We're not your run-of-the-mill insurance company. At Great American Property & Inland Marine Division, we pride ourselves on our dedicated claims service and specialized expertise focused only on property and inland marine coverages. So, you get the solutions you need from the people you trust.

Protection to keep your business going.

Ensure your equipment is protected with a competitive and flexible policy that goes beyond the basics with automatic coverage for the unexpected.

- Covered property includes workover and servicing tools and equipment.
- Automatic coverage for expenses that often may be overlooked such as Debris Removal, Pollutant Clean Up, Fire Department Service and Crime Reward.
- Coverage for loss of drilling compounds while at a drilling or workover site up to \$5,000.
- No exclusions for flood or earthquake which means better coverage and a more competitive product.
- Automatic Acquisition Coverage Form eliminates the need to endorse the policy for schedule changes, which may lower servicing expenses, and ensures that even your newest property is covered (subject to a newly acquired limit).

Newly acquired, producing well sites are automatically covered up to the limit stated in the Declarations with the premium adjustment made at renewal. By eliminating the need for frequent schedule changes, your servicing expenses are lowered, and you'll know your property is covered.

Optional coverages available

- Plus Endorsement provides a broader policy to insure incidental loss exposures, including Equipment Leased, Rented or Borrowed from Others, Continuing Rental Expense, Loss to Undamaged Attachments, and Removal Expense.
- Oil & Gas Equipment Leased and/or Rented from Others on a short-term basis (<12 consecutive months).
- Underground buy-back endorsement that covers portions of specified property while underground.
- Blanket Miscellaneous Tools and Equipment endorsement provides coverage for low-valued items and tools on unscheduled basis.

Why so many people choose protection from us

- Expertise – Our teams focus on your industry and know what coverages are important to you.
- Superior Claims Service – Our in-house claims specialists are committed to providing you with outstanding service. This specialization can provide tremendous value to you when dealing with a loss that affects your business.
- Loss Control Services – Our staff of loss control experts will work with you to help improve the safety and security of your operations for better risk management and cost savings.
