

Specialty Human Services Value-Added Benefits

One of the best services we can provide is working with our clients to help prevent a loss before it happens. Claims cost money. They also take a personal and professional toll that can add up to missed opportunities, lost hours and pain and suffering. Therefore, we offer these valued benefits:

Driver Monitoring

Help to reduce losses due to auto accidents and employee turnover, and improve your public image with SafetyFirst's driver monitoring services offered to all policyholders.

Great American Insurance Group Loss Control

Control loss dollars and long-term insurance costs with the help of Great American's loss control consultants. Safety programs, premises evaluation and training programs are just a few of the services included with your Specialty Human Services policy.

Specialized Nonprofit Risk Management

Build effective risk management policies, receive unlimited risk management advice by phone or email and provide your employees risk training through live webinars with Nonprofit Risk Management Center's affiliate membership program.

Anonymous Bully Reporting App

Report, deter and mitigate inappropriate conduct including bullying, drug and alcohol use, hazing and self-harm with STOPit's anonymous user app. Schools and other social service organizations can take advantage of this offering.

Discount Background Checks

Make smart hiring decisions while saving with IntelliCorp's discounted background check package. Specialty Human Services policyholders receive 35% off standard retail price.

Expert Abuse Prevention and Response Solutions

Policyholders have access to Praesidium's expert knowledge and targeted abuse prevention and response through their 24 Helpline and Crisis Response Toolkit.

Discount Visitor Management Platform

Keep track of who is checking in and out of your facility with the VisitU Visitor Management System. Policyholders will receive one free iPad with the purchase of Visitu's visitor management software.

Discount Ballistic Resistant and Virus Eliminating Nanotechnology Solutions

Create a safer and healthier environment for your customers with discounts on C-BOND's nanotechnology solutions. NIJ certified bullet-resistant, and forced-entry spray-on system for glass easily creates a safety barrier to help protect your organization against criminal activity. C-BOND's EPA N Listed registered non-toxic disinfectants help prevent the spread of viruses that cause COVID -19.

Online Learning

Teach, track and reward your employees and volunteers on this robust learning management system that offers a library of risk management courses built with our nonprofit and social service clients in mind.

Virtual Defense

Evaluate your organization's current level of cyber risk, get help creating an incident response plan, consult with a breach coach and get tips and news alerts with this comprehensive cyber risk management service.

Discount Oostman Aquatic Safety Consulting

Get negotiated pricing to assess your aquatic risk from a litigation and operational perspective, take facilitator guided workshops and receive post-aquatic event investigative services and support.
