Insurance Solutions for Animal Organizations

A Company You Can Count On

For more than 40 years, Great American Insurance Group has provided insurance solutions to the human and social service marketplace. We were one of the first insurance companies to recognize the special needs of these organizations. Over the years, we have expanded our coverage and services to ensure we are experts who can meet the evolving needs of this marketplace.

Our GREAT beginnings

In 1872, accidents and natural disasters meant the end for many businesses. When a need for insurance met a few ambitious German immigrants, our company was born. The first customer? A rubber comb factory. Within a few years, we became known for paying claims in a timely manner. In fact, after the 1906 San Francisco earthquake, we paid out more than \$2 million in claims, even to policyholders who didn't have viable coverage.

Nearly 150 years later, we continue to protect specialized businesses in more than 30 niche industries. And, we continue to be recognized for financial stability. Our lead company, Great American Insurance Company, has received an "A" rating or higher from AM Best for more than 110 years. From that rubber comb factory to today, companies turn to us when they need someone who knows their space, shares their priorities and has the freedom to do what's right.

Why you need coverage: loss scenarios

Through the following scenarios, we demonstrate real-world situations where Great American can offer protection for organizations like yours.

Professional coverage

An owner brought his cat, Oliver, to the veterinary clinic fearing the cat's leg was broken. The veterinarian diagnosed the cat with a sprain and treated it as such. When Oliver's leg did not heal properly, the owner sought a second opinion where an x-ray showed a fracture on the leg. The owner filed a claim with the veterinary clinic for property damage. The clinic felt relieved that their Great American policy included coverage caused by a professional veterinarian service act.

Auto coverage

A zoo employee was transporting one of its smaller animals to an offsite event in the organization's owned vehicle. The driver swerved and hit a guardrail after failing to recognize slowing traffic. The vehicle was disabled and towed away. The zoo was glad to count on Great American's Signature Auto Broadening Endorsement, which provided up to \$200 for the towing expenses that the zoo incurred that day.

Prevent loss before it happens

One of the best services we can provide is helping you to prevent a loss before it happens. Claims cost money. They also take a personal and professional toll that can add up to missed opportunities, lost hours and pain and suffering.

To help prevent claims, we pair you with our Safety Professionals. They start by working with you to evaluate your property, premises and facilities and then develop plans and educational programs to address issues such as driver safety, bullying and employee safety.

Beyond Great American’s dedicated loss prevention services, we also offer these valued benefits:

- **Specialized Nonprofit Risk Management** – Build effective risk management policies, receive unlimited risk management advice by phone or email and provide your employees risk training through live webinars with Nonprofit Risk Management Center’s affiliate membership program.
- **Driver Monitoring** – Help reduce losses due to auto accidents and employee turnover, and improve your public image with SafetyFirst’s driver monitoring services offered to all policyholders.
- **Anonymous Bully Reporting App** – Report, deter and mitigate inappropriate conduct including bullying, drug and alcohol use, hazing and self-harm with STOPit’s anonymous user app. Schools and other social service organizations can take advantage of this offering.
- **Background Checks** – Help make smart hiring decisions while saving with IntelliCorp’s discounted background check package. Specialty Human Services policyholders receive 35% off standard retail price.
- **Virtual Learning** – To help you improve safety and reduce losses, we offer interactive training courses.

How these services can help your organization

Through the following scenarios, we demonstrate real-world cases where our value-added services could help reduce your organization’s risk:

Thus, no representation is made that any specific insurance coverage applies to the loss and service scenarios.
